In making those risk assessments, the auditors consider internal controls relevant to the entity's preparation and fair presentation of the financial statements of the Bank that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements of the Bank.

2. Significant accounting policies and basis of preparation of financial statements

2.1 Basis of accounting

The financial statements of the Bank have been prepared under historical cost convention except investments which are measured at present value and in accordance with "First Schedule" of the Bank Companies Act, 1991 as amended under sub-section 38(4) of the Act, relevant Bangladesh Bank Circulars, International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) adopted by the Institute of Chartered Accountants of Bangladesh (ICAB) and named as Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs) respectively, the Companies Act, 1994, the Securities and Exchange Rules, 1987 and other rules and regulations applicable for Banks in Bangladesh.

In cases, any requirement of provisions and circulars issued by Bangladesh Bank differs with those of other regulatory authorities, the provisions & circulars issued by Bangladesh Bank shall prevail. Material departures from the requirement of BAS & BFRS are as follows:

2.1.1 Investment in shares and Securities

BFRS & BAS:

As per requirements of BAS 39, investment in shares and securities generally falls either under "at fair value through profit and loss account" or under "available for sale" where any change in the fair value (as measured in accordance with BFRS 13) at the year-end is taken to profit and loss account or revaluation reserve respectively.

Bangladesh Bank:

As per BRPD circular no. 14 dated 25 June 2003 investments in quoted shares and unquoted shares are revalued at the year end at market price and as per book value of last audited balance sheet respectively. Provision should be made for any loss arising from diminution in value of investment.

2.1.2 Revaluation gain/loss on Government securities

BFRS & BAS:

As per requirement of BAS 39, where securities treasury bills and treasury bonds fall under the category of “held for trading”, any change in the fair value (as measured in accordance with BFRS 13) of held for trading assets is recognized through profit and loss account. T-bills and T-Bonds designated as “held to maturity” are measured at amortized cost method and interest income is recognized through the profit and loss account.

Bangladesh Bank:

HFT securities are revalued on the basis of marking to market and at year end any gains on revaluation of securities which have not matured as at the balance sheet date are recognized in other reserve as a part of equity and any losses on revaluation of securities which have not matured as at the balance sheet date are charged in the profit and loss account. Interest on HFT securities including amortization of discount are recognized in the profit and loss account.

2.1.3 Provision on loans and advances

BFRS & BAS:

As per BAS 39 an entity should start the impairment assessment by considering whether objective evidence of impairment exists for financial assets that are individually significant. For financial assets are not individually significant, the assessment can be performed on an individual or collective (portfolio) basis.

Bangladesh Bank:

As per BRPD circular no. 14 dated 23 September 2012, BRPD circular no. 19 dated 27 December 2012, BRPD circular no. 05 dated 29 May 2013 & BRPD circular no. 16 dated 18 November 2014, a general provision at 0.25% to 5% under different categories of unclassified loans (good/standard loans) has to be maintained regardless of objective evidence of impairment. Also provision for sub-standard loans, doubtful loans and bad losses has to be provided at 20%, 50% and 100% respectively for loans and advances depending on time past due. Again as per BRPD circular no. 10 dated 18 September 2007 and BRPD circular no. 14 dated 23 September 2012, a general provision at 1% is required to be provided for all off-balance sheet exposures. Such provision policies are not specifically in line with those prescribed by BAS 39.

2.1.4 Recognition of interest in suspense

BFRS & BAS:

Loans and advances to customers are generally classified as ‘loans and receivables’ as per BAS 39 and interest income is recognized through effective interest rate method over the term of the loan. Once a loan is impaired, interest income is recognized in profit and loss account on the same basis based on revised carrying amount.

Bangladesh Bank:

As per BRPD circular no. 14 dated 23 September 2012, once a loan is classified, interest on such loans are not allowed to be recognized as income, rather the corresponding amount needs to be credited to an interest in suspense account, which is presented as liability in the balance sheet.

2.1.5 Other comprehensive income

BFRS & BAS:

As per BAS 1 Other Comprehensive Income (OCI) is a component of financial statements or the elements of Other Comprehensive Income are to be included in a Single Other Comprehensive Income (OCI) Statement.

Bangladesh Bank:

Bangladesh Bank has issued templates for financial statements which will strictly be followed by all banks. The templates of financial statements issued by Bangladesh Bank do not include Other Comprehensive Income nor are the elements of Other Comprehensive Income allowed to include in a Single Comprehensive Income (OCI) Statement. As such the company does not prepare the other comprehensive income statement. However elements of OCI, if any, are shown in the statements of changes in equity.

2.1.6 Financial instruments – presentation and disclosure

In several cases Bangladesh Bank guidelines categorize, recognize, measure and present financial instruments differently from those prescribed in BAS 39. As such some disclosure and presentation requirements of BFRS 7 and BAS 32 cannot be made in the financial statements.

2.1.7 Repo and Reverse Repo transactions

BFRS & BAS:

When an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is treated as a loan and the underlying asset continues to be recognized in the entity’s financial statements. The difference between selling price and repurchase price will be treated as interest expense. Same rule applies to the opposite side of the transaction (reverse repo).

Bangladesh Bank:

As per DOS Circular letter no. 6 dated 15 July 2010 and subsequent clarification in DOS circular no. 2 dated 23 January 2013, when a bank sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is accounted for as a normal sales transactions and the financial assets are derecognized in the seller's book and recognized in the buyer's book. However, as per DMD circular letter no. 7 dated 29 July 2012, non primary dealer banks are eligible to participate in the Assured Liquidity Support (ALS) program, whereby such banks may enter collateralized repo arrangements with Bangladesh Bank. Here the selling bank accounts for the arrangement as a loan, thereby continuing to recognize the asset.

2.1.8 Financial guarantees**BFRS & BAS:**

As per BAS 39, financial guarantees are contracts that require an entity to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument. Financial guarantee liabilities are recognized initially at their fair value (as measured in accordance with BFRS 13), and the initial fair value is amortized over the life of the financial guarantee. The financial guarantee liability is subsequently carried at the higher of this amortized amount and the present value of any expected payment when a payment under the guarantee has become probable. Financial guarantees are included within other liabilities.

2.1.14 Disclosure of appropriation of profit**BFRS & BAS:**

There is no requirement to show appropriation of profit in the face of statement of comprehensive income.

Bangladesh Bank:

As per BRPD circular no. 14 dated 25 June 2003, an appropriation of profit should be disclosed in the face of profit and loss account.
